A smart solution that enhances productivity and efficiency, provides value for money and mitigates business risk

www.lexispracticalguidance.in
Lexis® Practical Guidance is a brand new and innovative online workflow-based solution developed by LexisNexis® in association with some of the leading and finest law firms from the Society of Indian Law Firms (SILF) and legal experts. Designed by practice areas, Lexis® Practical Guidance, with its world-class platform, offers extensive coverage of procedural legal content, intuitive search, regular updates and links to LexisNexis® authoritative books and commentaries and third-party links for deeper research.

Harnessing leading technology, Lexis® Practical Guidance has been designed to help you make faster, better and informed decisions by spending less time gathering information and more time utilizing it. It is a unique combination of content and technology that is designed to perfectly complement your and your teams’ day-to-day work.

**Tailor-made to suit the way you work**

- Enables you to swiftly understand the requirements under different areas of law (organized by topics and sub-topics)
- Helps you handle both routine and new tasks and challenges with ease and confidence
- Provides you focused insights and prepares you and your team better to save significant time and resources

**Value for money**

With the role of Lexis® Practical Guidance as an efficiency driver, you are able to achieve a value-based cost structure. With all the essential information needed to practice at your fingertips, support features in less familiar areas and a focus on practical and immediately useful information, you get research content that provides value for money.

**Stay Current**

Lexis® Practical Guidance content is updated periodically to reflect the latest developments in the law enabling you to efficiently complete transactional matters with speed and confidence.

**Save Time**

Lexis® Practical Guidance takes care of your regular information/research needs by providing you one-stop access to procedural content of law and quality precedents with accompanying practice notes and drafting notes, so that you can invest your time in other crucial business priorities. With a clean, intuitive interface and simple navigation, it gets you where you need to go for your research quickly. Content can be searched by simple queries as it’s arranged logically by topic and sub-topics, enabling you to prepare your legal drafts quickly and accurately.

**Explore and Handle New Areas of Law Confidently**

Business suffers as you are not able to spend time on new areas of law – Lexis® Practical Guidance provides instant guidance on subjects you haven’t dealt with for a long time. It gives you the confidence to deal with matters outside your specialization and enables you to estimate the time and scope of work required better. You get to constantly expand your business area and improve your knowledge base.

**Mitigate Risk**

You can conduct enhanced due diligence and minimize risk by understanding the current and proposed regulatory landscape in your specific field or industry. Expert commentaries and checklists help you and your client stay compliant.

**Take Confident Decisions**

You can rely on comprehensive and trustworthy content, which is designed by practice area and written by expert legal professionals, to make more informed and confident decisions. You get solutions to your needs and problems in different areas of law that really help you improve your and your team’s work efficiency and effectiveness.
